

Focus Group Participants (N=17)

Participant Number	Age Group	Level of Familiarity with the Cultural Revolution	Educational Background	Occupation
1	25 - 34	Very familiar	Master's degree (e.g., MA, MS, MEd, MLIS)	Students (e.g., undergrad or grad students in Chinese studies, information studies, or beyond)
2	25 - 34	Moderately familiar	Doctoral or professional degree (e.g., PhD, EdD, MD, JD)	Students (e.g., undergrad or grad students in Chinese studies, information studies, or beyond)
3	25 - 34	Very familiar	Doctoral or professional degree (e.g., PhD, EdD, MD, JD)	Researchers/Scholars (e.g., scholars working on modern Chinese history, memory studies, or digital humanities)
4	25 - 34	Very familiar	Doctoral or professional degree (e.g., PhD, EdD, MD, JD)	Researchers/Scholars (e.g., scholars working on modern Chinese history, memory studies, or digital humanities), Students (e.g., undergrad or grad students in Chinese studies, information studies, or beyond), Community members with family histories related to the Cultural Revolution (1st- or 2nd-generation narratives)
5	25 - 34	Moderately familiar	Doctoral or professional degree (e.g., PhD, EdD, MD, JD)	Researchers/Scholars (e.g., scholars working on modern Chinese history, memory studies, or digital humanities), Educators (e.g., K-12 or university teachers)
6	25 - 34	Slightly familiar	Master's degree (e.g., MA, MS, MEd, MLIS)	Researchers/Scholars (e.g., scholars working on modern Chinese history, memory studies, or digital humanities), Students (e.g., undergrad or grad students)

				in Chinese studies, information studies, or beyond)
7	25 - 34	Not familiar at all	Doctoral or professional degree (e.g., PhD, EdD, MD, JD)	Researchers/Scholars (e.g., scholars working on modern Chinese history, memory studies, or digital humanities)
8	35 - 44	Moderately familiar	Doctoral or professional degree (e.g., PhD, EdD, MD, JD)	Researchers/Scholars (e.g., scholars working on modern Chinese history, memory studies, or digital humanities), Librarians, curators, or information professionals (e.g., oral history experts, curators who may have experiences with simulation approaches)
9	35 - 44	Slightly familiar	Doctoral or professional degree (e.g., PhD, EdD, MD, JD)	General readers who are interested in the subject matter!
10	35 - 44	Moderately familiar	Master's degree (e.g., MA, MS, MEd, MLIS)	Librarians, curators, or information professionals (e.g., oral history experts, curators who may have experiences with simulation approaches), Community members with family histories related to the Cultural Revolution (1st- or 2nd-generation narratives), General readers who are interested in the subject matter!
11	25 - 34	Very familiar	Master's degree (e.g., MA, MS, MEd, MLIS)	Students (e.g., undergrad or grad students in Chinese studies, information studies, or beyond)
12	25 - 34	Moderately familiar	Doctoral or professional degree (e.g., PhD, EdD, MD, JD)	Researchers/Scholars (e.g., scholars working on modern Chinese history, memory studies, or digital humanities)
13	35 - 44	Moderately familiar	Doctoral or professional degree (e.g., PhD, EdD, MD,	Students (e.g., undergrad or grad students in Chinese studies, information studies, or beyond)

			JD)	
14	25 - 34	Moderately familiar	Master's degree (e.g., MA, MS, MEd, MLIS)	Librarians, curators, or information professionals (e.g., oral history experts, curators who may have experiences with simulation approaches)
15	45 - 54	Very familiar	Master's degree (e.g., MA, MS, MEd, MLIS)	Community members with family histories related to the Cultural Revolution (1st- or 2nd-generation narratives)
16	25 - 34	Moderately familiar	Doctoral or professional degree (e.g., PhD, EdD, MD, JD)	Researchers/Scholars (e.g., scholars working on modern Chinese history, memory studies, or digital humanities), Students (e.g., undergrad or grad students in Chinese studies, information studies, or beyond), General readers who are interested in the subject matter!
17	18 - 24	Moderately familiar	Bachelor's degree (e.g., BA, BS)	Librarians, curators, or information professionals (e.g., oral history experts, curators who may have experiences with simulation approaches)
